

Wholesale Order Form 2018/19 Open Ground Herbaceous & Pot Grown Liners

New Colourful Gardens Labels

We're excited to be offering you, as a grower the chance to be able to put your own logo, company name and pricing details on the label for all plants you purchase from us.

This is an amazing way for you to get a professional look to the finished plants you grow. You don't need to have hundreds of one variety, we'll still print for you your own bespoke label for each variety, whether it be liners and open ground.

The label does come with a tab so you can use a slotted pot if you wish.

Labels are priced at £60.00/1000 Please mark the form if you require labels.

All of our plants have vigorous healthy root systems and are suitable for potting on, planting out and landscaping. These open ground plants are field grown on Grade 1 Lincolnshire silt land. Both the potted and open ground plants are over wintered and grown hardy.

Please specify on your order which week number you would like delivery. Due to the warmer Autumn seasons we keep having we have decided not to start lifting until December. Weather conditions still play a major part in the lifting, distribution and availability of our plants. When some open ground varieties are sold out, we will automatically supply pot grown varieties (if available).

P9 pots are ordered in quantities of 24 per tray and Open Ground as 25, quantities smaller than this may be subject to a handling charge.

What Size Plant?

With open ground the plant size varies with root systems and varieties but a guide is that the plants are large enough to pot in to a 2 or 3 litre pot or split down for a smaller pot size.

Try our easy online ordering....

with descriptions and images to help you make your choice. We are always adding new varieties, so ordering online gives you the best choice to choose from.

visit www.gedneybulb.co.uk

PBR = propagation prohibited

***NEW* = New to GBC**
