Our 2 Litre Herbaceous Range

We have a superb range of 2 Litre Herbaceous plants.

This is a very cost effective, instant impact range which are supplied as good, well rooted potful.

Huge selection of varieties to choose from.

These are staggered throughout the year, so you can keep your customers coming back each week for something exciting.

2 Litre Herbaceous - from £3.15 each

We grow traditional cottage garden favourites, but it's the numerous additions of unusual varieties that really set us apart from the rest.

You can make up your order with a combination of any of our Alpine, Herbaceous or Potted Bulb lines.

Our website has a handy trolley builder to easily show your order progress.

Choose your varieties or ask us to choose a mix of the best ones for you.

Grown hardy and true to type, our plants are built to withstand whatever the Great British weather throws at them.

These well-established plants thrive in a wide range of garden conditions.

Reduce waste, maximize shelf life, and buy with confidence!

6 Pots in a tray - 6 Trays to a shelf - 36 Trays on a trolley

Whether you are looking for the latest 'must-have' Salvia or a reliable batch of traditional Lupins, our range provides the quality and variety to keep your plant area vibrant.

We take pride in our consistent quality, which is the result of decades of horticultural growing experience.

Stunning 9cm Herbaceous Plants

With over 1000 varieties to choose from, our 9cm Herbaceous range, offers excellent value for both retailers and growers alike.

Perfect with a multi-buy retail. This extremely popular line is a very cost effective way to start off the season and it continues with strong sales throughout the year.

Why not reserve a season opening starter trolley today!

9cm Herbaceous - from £1.18 each

Our plants are easy to care for and require minimal upkeep.

We pot with a high quality, consistent compost mix, using slow release Osmocote fertiliser. This continues to feed the plant for 12 - 18 months.

Our pots and trays are made from recyclable materials and are fully recyclable too. The 7cm Alpine and 9cm Herbaceous are supplied in returnable tray. Please send them back with our drivers and we sterilise and re - use them.

To help you maximize your sales, we offer a range of bespoke retail benefits at no extra cost.

We can add retails, multi-buys and print your company logo directly on to our high impact, weather-proof labels. You can also choose between generic or individual barcodes.

This not only saves your staff hours of manual pricing but also strengthens your brand identity with your customers.

24 Pots in a tray - 3 Trays to a shelf - 27 Trays on a trolley
This line comes in a returnable tray!

Both the potted and open ground plants are overwintered and grown hardy.

With open ground the plant size varies with root systems and varieties but a guide is that the plants are large enough to pot into a 2 litre pot or split down for a smaller pot size.

Incredible range of 1 Litre Alpines

We have firmly established ourselves as the UK's most trusted Alpine supplier.

We grow huge volumes of stock to cope with even the most demanding peaks.

As well as large numbers of firm favourites, we also specialise in growing lots of varieties in smaller batches to keep a varied and exciting range available throughout the year.

1 Litre Alpines - from £1.80 each

We conduct a full crop walk each week, giving every variety an updated growth grade.

Every Thursday late afternoon we release a new availability. We send an email with a link to our website, featuring updated available varieties and Excel plant list.

Don't miss out! Subscribe to our mailout via our website or get in touch and we can easily add you.

The easiest way to order is via our new website, which we are still improving and developing.

Our 9cm Alpine range

Top quality Alpine range with over 600 varieties available.

Our competetive prices, excellent plant quality and eye catching presentation make these a fast selling product. Perfectly suited to a multi-buy.

We grow all familiar favourites like Saxifrage, Sedum, Sempervivum, Delosperma, as well as more speciality varieties like Rhodohypoxis, hardy Cyclamen and Gentians.

9cm Alpines - from £1.05 each

We grow our plants outside hardy!

Our plants are over wintered hardy, in the cold and windy conditions we are exposed to here on the East Coast in Lincolnshire.

This creates a strong, true to type plant. No need to worry about your unprotected plant area in early spring.

Extremely versatile and easy to care for, our Alpines are the perfect solution for rockeries, scree gardens, living walls, and troughs.

Their compact nature makes them ideal for modern 'miniature' gardening—filling crevices in paving or adding a splash of year-round interest to patio containers.

Alpines are a best selling line all year round. Because they are grown cold, they transition seamlessly into the garden.

20 Pots in a tray - 4 Trays to a shelf - 36 Trays on a trolley

Our 9cm range is designed for rapid turnover.

The plants are established in high-quality, free-draining compost, ensuring a long shelf life on the bench without losing their compact, tidy form.

With a staggering 600 varieties to choose from, you can offer a fresh and ever-changing selection throughout the season, encouraging repeat visits from enthusiasts looking to complete their collections.

Peat Free Potted Bulbs
