*Wholesale Bare Root Herbaceous
and Pot Grown Liners 2025/26*

01406 550341 • sales@gedneybulb.co.uk
Order Online @ www.gedneybulb.co.uk

Welcome to our 2025-26 list of Bare Root Herbaceous and Pot Grown Liners

Availability from early December to late February
Early ordering is advisable - we can reserve plants until end of February,
but plants are sold on a first come first basis.
To keep up to date with our latest availability please order from the website.

Both the potted and open ground plants are over wintered and grown hardy.
 With open ground the plant size varies with root systems and varieties but a guide is that the plants are large enough to pot in to a 2 litre pot or split down for a smaller pot size.

Please specify on your order when you would like delivery, either week 50, 2, 4, 6 or 8 and we will endeavour to deliver to your date. As the seasons tend to be changing with a warmer Autumn, lifting bare root plants don't start until November. When some open ground varieties are sold out, we will automatically supply pot grown varieties (if available)

P9 pots are ordered in quantities of 24 per tray and Bare Root as 25, quantities smaller than this may be subject to a handling charge.

Colour Labels....

Individual full colour bespoke labels are available for all varieties and will be supplied loose, packed with orders. Colour labels are priced at £80.00/1000

Please mark the form if you require labels.
